

CUSTOM ITALIAN VACATIONS

JOYCE FALCONE
THE ITALIAN CONCIERGE

To truly experience Italy — from mountain to sea, from ancient to modern, from dawn to dusk and through the glorious night — you must experience it with all five of your senses. Since 1996, Joyce Falcone has been delivering that experience, creating custom itineraries for individuals, families, couples, and groups.

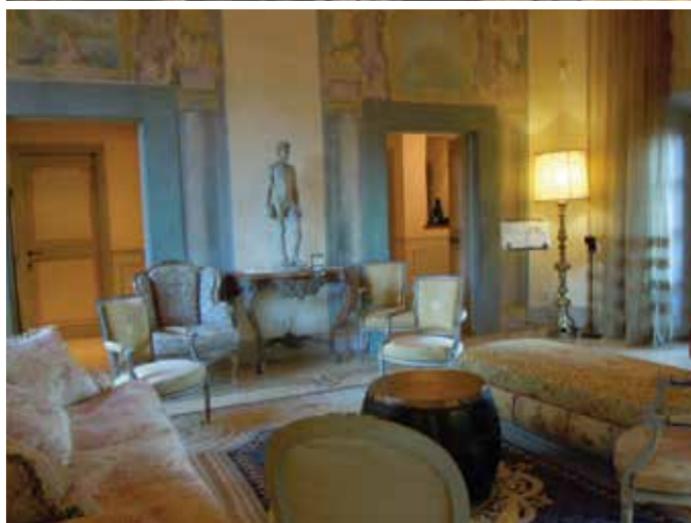

SEE

*Below your hotel balcony passes a regatta of gondole
on the Grand Canale. The crowd, masked and costumed, dances and
waves banners to mark the start of Carnevale in Venezia.
It is a visual feast unlike anything on Earth — colorful, vibrant, and alive.*

TASTE

Of all the senses, it is taste that gets the most exercise in Italy. From a robust farmhouse meal, to a perfect pairing of friulano with baccala mantecato served in a Venetian bacaro dating from 1462, there is a culinary epiphany at every table.

Joyce Falcone is consistently recognized as a top destination specialist for Italy by the editors of Travel+Leisure and Condé Nast Traveler.
